

Dear Deirdre,

Please, please help me! I have been with my boyfriend for three months and a week ago I discovered he has been seeing eight

other women behind my back and six of them are now pregnant with his children. One woman is expecting sextuplets, which means he will be the father thirteen children. He always wanted me to look my best and I spent hours doing my hair and make up only to find he has been playing around with other women. Why has he done this? All I ever wanted was a nice reliable man to settle down with.

Yours,

Your task is to tell Hopeless why her boyfriend has been 'playing the field'. You have to do this using the Evolution Theory of attraction.
